### One People Provides Free American Flag Sets for Tunnel to Towers Foundation Homes

ATLANTA, Georgia (January 6, 2022) – One People Flags, Inc. (“One People”) is proud to partner with Tunnel to Towers Foundation (“T2T”) to provide free U.S. flag sets for the families in T2T’s Gold Star Family Home Program. One People is a nonprofit organization that provides free American flag sets for display on homes in order to help unite our communities. T2T honors our military and first responders who continue to make the supreme sacrifice of life and limb for our country.

T2T launched the Gold Star Family Home Program (<https://t2t.org/gold-star/>) in September 2018 to provide a mortgage-free home to surviving spouses with young children. J. Hillyer Jennings, founder and Executive Director of One People, coordinated with Nancy Gass, Gold Star Ambassador & Advisor, and Laura Arena, Manager of the Gold Star Family Home Program, to offer free U.S. flag sets to the Gold Star families located across the country.

Mr. Jennings, who is a corporate lawyer at King & Spalding LLP, founded One People in 2021 with a simple mission to provide free U.S. flag sets to those who have served our country and their families, as well as those in underserved communities. Mr. Jennings said, “One People’s goal is to unite people and overcome our differences by holding tight to the American Dream. We are completely nonpolitical, because patriotism and freedom are not political matters that should divide us. When we first learned about Tunnel to Towers and the amazing work they are doing for our veterans, first responders and their families, we knew we had to partner with them. We couldn’t ask for more deserving recipients of flags than families of those who have sacrificed their lives for our country and communities.”

The response from the Gold Star families was immediate and strong, with homeowners across the country requesting flags. One People has confirmed that it will gladly provide free flag sets to these Gold Star families for life whenever they need new ones.
